DESCRIZIONE / DESCRIPTION / DESCRIPTION / DESCRIPCIÓN / BESCHREIBUNG

Thanks to the pad light rib spotlight, you can select 15 colors via the remote control supplied to decorate your room; a palette of very complete colors from green, to blue, to pink, to yellow, violet cyan and for all tastes; the remote control also allows you to lower or raise the brightness as well as numerous plays of light (flash, automatic transmissions.). Waterproof and resistant: IP65 waterproof, it can be used for both inside and outside; the use of ultra-resistant materials such as tempered glass and high-quality die-cast aluminium makes the lamp particularly resistant to shocks and atmospheric agents. Ideal for lighting a terrace, the garden but also a room, a shop or home wherever you need it; the 100 ° diffused beam makes it a perfect lighting tool also for walls and facades. Very low energy consumption: the outdoor LED spotlight saves you up to 80% of electricity compared to normal lights, directly reducing the amount of electricity bills. Dimmable by remote control; class i; special waterproof connector that will allow you to connect the spotlight in a simple, fast and long-lasting way.
