Net weight kg):	0,584

DESCRIZIONE / DESCRIPTION / DESCRIPTION / DESCRIPCIÓN / BESCHREIBUNG

Timeless design: glamor is a 20cm milk white round glass lampshade with base; the lampshade guarantees perfect and homogeneous diffusion of light, without glare or shadows. Its shape is a lighting classic: it adapts to all the rooms of the house: bedroom, living room, office; it is also beautiful in clubs or shops such as cafes, bookshops; it is equipped with a power cable with switch. Light colors: glamor is equipped with a convenient multifunction remote control that allows you to choose between various colors; the base colour is warm white 3000K; it is the most suitable white for home interiors because it is more welcoming; but using the supplied remote control you can choose another colour (red, green, yellow, pink.) on the remote control; you can also choose various colour change effects (flash, automatic change, dimmer.). Glamor produce 250 lumens of light (equal to 25W) which makes it a real indoor lamp as well as a piece of furniture. The light source is already integrated and not replaceable; you don't have to get any light bulbs.
